

Important Contracting Launch

North American is pleased to announce the launch of image and data integration with SureLC, an insurance industry integrated application. The new enhancement launching on January 30, 2017 will:

- Allow you to electronically submit your contracting requests without filling out paper
- Provide bi-directional, or real-time status updates on pending contracts between North American and SureLC.

We are excited to be the first company to integrate the contracting status into the platform. Please click below for more specifics on these new features.

If you have any questions, please contact SuranceBay or the North American Contracting Department.

SuranceBay - 877-264-6888

North American Contracting - 866-322-7068 -
